

Our Place

- Programme & Activities -

What do they want to do
at Heathrow?

Evict us .

Take our land.

Create more noise.

Create more pollution.

Destroy our communities.

-No Third Runway Action Group (NoTRAG)

"There's the church I got married in, the cottage hospital where I had my children, the primary school and the playgroup I helped set up. All of it will be under concrete."

-Linda McCutcheon,
Sipson resident for nearly 40 years

**An Airport is a non-place.
This is Our Place.**

Email: ourplace@riseup.net
Phone: 07972 708 542

Saturday August 11th

- Participate in Art Projects
- Sing to Stop the Runway
- Tell Your Stories of the Local Area

Sunday August 12th

- Participate in Art Projects
- Sing to Stop the Runway
- Tell Your Stories of the Local Area
- Historian and author Philip Sherwood will give a sideshow on at 2.30 pm

Tea & Cake both days!
Stop by anytime
and stay as long as you'd like.
After all, this is Our Place.

Our Place

Art-Making

Art-making is for everyone! We will be working on a number of creative projects throughout the weekend:

→ An Exhibition Board of your photos

All are welcome to take part in the 'Our Place' arts project. To take part simply find some photographs of your home, or of places which we remember and cherish, like a school or local pub. These will be reproduced and attached onto a large structure for exhibiting them. Another copy of the photos will be archived.

→ 'Not For Sale to BAA' Signs

We will make 'Not For Sale to BAA' signs to put outside homes and around the villages under threat. Design one for outside your house!

→ Models of the Local Area

We will construct some mini-models of local homes, schools, pubs and other buildings under threat.

*Materials will be supplied, but bring more supplies if you want!

Story-Telling

All weekend long we will be recording short interviews with people living in local areas threatened by the Third Runway. Whether your family has been here for generations or you are a new immigrant to England, come tell a little bit of your story. What makes this place your place?

These stories will be shared at Climate Camp and in future exhibitions in the fight to stop the destruction of the area.

all ages welcome

projects are for children and adults

Singing

Our resident singer and songwriter will be at Our Place sharing his songs about Stopping the Third Runway and Climate Chaos. Come along to sing with us, or to contribute to the lyrics, give your ideas, or to make your own music!

*The finished **Our Place** projects will be exhibited publicly, including at the Camp for Climate Action (14-21 August). Climate change campaigners are concerned at the creation of 'climate refugees' – people fleeing areas made uninhabitable by climate change. A report for Christian Aid says this could make at least one billion people homeless by 2050. The **Our Place** project shows a common concern shared by environmentalists and local residents: the possible loss of the place we call home.*
